MINOR LEAGUE STARS DRAFTED

One Hundred and Fifteen Baseball Players Will Go to Majors Next Year.

BROOKLYN NATIONALS GET FIFTEEN OF NEW RECRUITS

Commission Refuses to Allow Post-Season Tour of All-American Star Teams.

CINCINNATI, Sept. 1.—One hundred and fifteen minor league players were drafted by the sixteen clubs of the two major leagues when the National Baseball commission met here today.

Of these, the National League secured sixty-seven, and the American league forty-eight. The Brooklyn Nationals secured fifteen players; the New York Nationals were the next fortunate in the draw, getting thirteen; Philadelphia Nationals, twelve; Chicago Nationals, eleven, and the Chicago Americans, ten. The others ranged downward to a single player by Detroit and this one is under investigation, so that Detroit may come out empty-handed in the draw.

A little less than \$125,000 was deposited with Secretary Bruce of the commission to cover the drafts.

The commission held a long session, in which it placed a ban upon the contemplated series between two all-star teams from the American and National leagues that were scheduled to make a tour of the country after the world's championship series. No specific reasons for the ban were given, except that it would interfere greatly with the world's series.

All doubts that the world's series would take place were banished when the commission instructed President Lynch of the National league to arrange his schedule to bring the series as early as possible.

The following is a partial list of players drafted and secured by major league clubs:

AVIATOR DEFEATS LAKE SHORE TRAIN

Glenn H. Curtiss Establishes World's Record for Aeroplane Over All-Water Course.

CLEVELAND, O., Sept. 1.—Racing with a fast Lake Shore mail train, Glenn H. Curtiss, the aviator, today drove his biplane over the water from Cedar Point to Euclid Beach, an airline distance of sixty miles, completing a 120-mile round trip flight began yesterday and establishing an unquestioned world's record for over-water flights. He beat the train into Cleveland by seventeen minutes.

Encountering contrary air currents, Curtiss was unable to maintain high speed, taking one hour and forty-two minutes for the flight. The actual distance traversed, estimated at the United States hydrographic office, was 64 miles.

The first ten miles were covered in thirteen minutes, but after that the breeze grew gusty, necessitating many dips and maneuvers.

Off Cleveland harbor the breeze blew only twelve miles an hour, but was steady, and the 100,000 people lining the lake front and perched on the top of every available building had opportunity to judge the difficulty of air navigation under unfavorable conditions.

Tonight the aviator was entertained at a banquet given by the Cleveland Aero club.

TWENTY-TWO AVIATORS IN HARVARD-BOSTON MEET

BOSTON, Sept. 1.—Enthusiastic in their praise of the Harvard aviation field at Atlantic City, and each anxious to try for the big prize offered in the Harvard-Boston aero meet, September 1-12, Claude Graham White and A. H. Roe of England, and Wilbur Wright, Walter Brookings and Ralph Johnson of America, are tonight in the hands of entertainment committees.

When the contest committee closed the entries at noon, twenty-two aviators and thirteen different makes of aeroplanes had been registered. Among the latest to file their applications were Stanley Y. Beach, who will be seen in a Blériot, equipped with a gyroscope for securing stability—the first of its kind; J. Rietmann, with a helicopter, also the only one of its kind; H. A. Connors, with a Comors biplane, Augustus Post, with a Curtiss biplane, and John W. Wilson, who will be seen in a unique man-propelled monoplane.

AVIATOR TO RACE AGAINST AUTOMOBILE AT SACRAMENTO

SACRAMENTO, Cal., Sept. 1.—Charles K. Hamilton, who arrived here last night, will race his automobile against the aviator in the California State fair next week.

In the light of a powerful searchlight, Hamilton will try to circle the mile track at Agricultural park in his Curtiss biplane, ahead of a high-powered motor car.

In addition, he declares he is going after the international aeroplane record for a mile.

When told that a preliminary injunction asked for him in New York to prevent Glenn H. Curtiss from flying exhibitions had been granted, Hamilton said:

"I merely asked for an injunction as a precautionary measure, and not that I expected any interference from Curtiss."

BILL YATES CHOSEN FOOTBALL CAPTAIN

Star High School Tackle Elected to Lead the Team to Victory.

The first football meeting of the year was held at the high school Thursday afternoon, when "Bill" Yates of last year's team was elected as captain for the coming year, to fill the vacancy left by Will Goodspeed. Goodspeed tendered his resignation Thursday, stating that he would not be able to return to school. His loss will be greatly felt. Yates has played two years at tackle and is a good man. He knows the game and should make a good leader for the boys. Yates never quits in a game, and the boys under him will have to move some to keep up to the example he will set. His selection was unanimous.

Principal Eaton sprang a surprise Thursday, stating that some of the boys who were figuring on playing this season would not be allowed to do so unless back lessons were made up in a hurry. The list has not been made out yet, but it is understood that several of the regulars and members of last year's squad are on it. It is evident that the high school will live up to the eligibility rules, as in the past.

Suits will be given out this afternoon to all old men and members of previous squads. The new men will not be fitted until next week. Before any boy will be allowed to try out he must be a member of the athletic association and have a locker. The coach question is still in the air.

MANY ATHLETES ENROLLED AT DESERET GYMNASIUM

More than one hundred applicants were enrolled at the opening of the new Deseret gymnasium Thursday. The majority of these consisted of businessmen, with a fairly good sprinkling of women. Miss Nobaker, who has charge of the girls' department, was on hand and took all visitors through the building.

Ing. E. E. Day, physical instructor, and B. S. Hinckley, general secretary, were usually engaged all day taking care of the applicants. A corps of assistants were also on hand throughout the day acting as pilots. Mr. Day said Thursday that there is a probability of the gymnasium being open before September 20. Several receptions are being planned by the board of directors.

GREAT BICYCLE RACES EXPECTED TONIGHT

Three Big Feature Events on the Programme for the Salt Palace Saucer Track.

From the present indications the best race meeting of the bicycle season will be held at the Salt Palace saucer track tonight. Almost every event on the programme will be a big feature. The headline at the meeting will be the French style sprint race between Clarke and Lawson. Another star event will be the five-mile motor trial by F. E. Whittaker. The nervous motorcyclist is almost certain to lower the record of 5:24. He announces that he will try to make every mile less than a minute.

An event that should prove of great interest is the unlimited pursuit between Colvin and Mair, the two fastest amateurs at the track. Tonight's match will decide which has the right to the western pursuit championship.

An added attraction of tonight's meeting will be the addition of interest to the races as Major Taylor's entrance into the professional open and handicap races.

The complete programme follows:

Iver Lawson vs. A. J. Clarke, best two in three one-mile heats.

Whittaker on his Flying Merkel, world's record (eight-lap track), 5:24.

One-mile handicap, professional.

Two-mile lap handicap, amateur.

Another Johnson Wins.

PARIS, Sept. 1.—"Battling" Jim Johnson, negro heavyweight pugilist, of California, won the Cocksing Bell colt third. Six horses started.

Boiled Down News

EL COLLINS, Colo., Sept. 1.—Fire is destroying the heavy timber along the state road to Larimer river, fifty miles west of here, according to reports brought in by a ranchman. R. C. McColl, forest ranger at Manhattan, has been ordered to gather a force to fight it.

EL PASO, Tex., Sept. 2.—Eviction notices were served on 109 families in what is termed the Ascarate grant, a tract of 12,000 acres, today. The title to the tract, which covers 12,000 acres of farming land, runs back to a technically land grant which through a change of ownership many times and many are now the recent purchasers, some of whom were ignorant of the defective title.

QUEBEC, Sept. 1.—Cardinal Vincent Van. Nutelli, envoy extraordinary, and Pope Pius X. to the first international eucharistic congress, which will convene at Montreal on September 6, reached this afternoon on the steamer Empress of Ireland. Arriving at Quebec, the English Jesuit, traveled with the cardinal, as did a large delegation of bishops and priests from France, England, Ireland, Scotland and Belgium.

NEW YORK, Sept. 1.—Two transatlantic steamship lines, the New York and London, and the New York and London, were held up by the New York health authorities tonight because of the cholera scare abroad. The Lusitania left Quarantine at 8:20 p. m., only to be stopped off Stapleton, Staten Island, for further inspection. A steersman passenger had been found seriously ill by inspectors, and while there was nothing to indicate cholera, it was decided to hold the vessel and take no chances pending bacteriological examination.

CRACK WING SHOT BREAKS ALL RECORDS

Shoots Four Hundred and Thirty-Two Targets Without Miss in Chicago Handicap.

CHICAGO, Sept. 1.—J. R. Graham of Long Lake, Ill., broke the world's amateur target record today when he went out with 417 straight at the final day's shoot of the Grand Chicago handicap tournament.

Graham really broke 432 targets without a miss, but fifteen of these are eliminated because they did not come on the programme.

He got nine unfinished on Monday in tuning up for the contest.

It was the unlucky thirteenth bird in the eighth event today that got away from the eagle-eye of the great wing shot. He had gone seven events of fifteen targets each without a miss, a likely featherweight, who has surprised the fans here by his clever exhibitions with Reagan. He then skipped the rope for ten minutes without a break.

Reagan will wind up his strenuous training tomorrow with a ten-mile tramp over the mountains. He will box three rounds each with three of his sparring partners.

"I expect to be in superb condition Monday afternoon," said Reagan today. "I've done hard work for three weeks and am taking no chances of going stale before the contest. I will be ready to go the limit in a fast go. Peanuts has never met any one yet who has carried the fight to him every minute of the time. That's what I'm going to do, and I expect to beat him by this method."

Manager Shumway has the arena in shape for the contest in anticipation of a record crowd. Both boys are known for their gameness, and a whirlwind bout is expected.

2:12 pace, \$1000, three in five—Dixie C. won; American, second; Peter Pan, third. Best time, 2:08 3/4.

2:25 class, pacing, \$500, three in five—Grace Pointer, won; Morton, second; French Girl, third. Best time, 2:11 1/4.

Three-year-old trot sweepstakes, two in three—Lulu Arden won in straight heats. Time, 2:15 1/4, 2:15 1/4.

LARNED WILL NOT GO WITH TEAM TO AUSTRALIA

NEW YORK, Sept. 1.—The American lawn tennis champion, William A. Larned, will not be on the American team which will challenge the Dwight F. Davis international challenge cup, now held by Australia. His father, who is past 70, does not wish so long a separation as would be necessary. Such a decision has been feared, but the international committee of the National association was not definitely notified until today.

PITCHER MATHEWSON MAY UNDERGO OPERATION

PITTSBURGH, Sept. 1.—Pitcher Christy Mathewson of the New York Nationals, may go to a hospital for an operation. Grace Pointer, won; Morton, second; French Girl, third. Best time, 2:11 1/4.

His stomach has been out of order for a month and he expects to take a week off in New York to enter a sanitarium. He has been advised by physicians to have an operation performed "with breathing." The nasal passages are so constricted that he cannot breathe freely through his nose, making it necessary to breathe through the mouth.

Thomas Wins Handicap.

DENVER, Colo., Sept. 1.—W. R. Thomas of Denver won the Colorado handicap on the shoot-off of the tie today with Al Rice of Douglas, Wyo., and H. H. Wilcox of Fort Valley, Tex. This was the main event of the state shoot, which has been on for three days.
